# **INVESTOR KIT**

 **Project of Global Education  
System (Pvt) Ltd.**

# Message From CEO & Founder

**Prof. Qurban Ali Awan**

The purpose of Establishing LIAS College of Medical Sciences is to contribute in strengthening of social and cultural environment by providing more responsible citizens for the social as well as cultural fabric of the society through imparting of quality education. All our objectives can be achieved by opening our doors for professional individuals and organizations who want to become our partners in this process. I expect that our Franchise Partners will be better off by establishing a franchise campus of this institution. Our professional team will help you not only in the establishment of campus infrastructure but will also support the franchise partners for development of professional environment through blend of its experience & quality.

# Message From Executive Director

**Dr. AsadUllah Awan**

Strengthening our programmes through our faculty and students while serving the developing world is our priority. Our Mission is to be an Institution of distinction that is committed to the development of human capacities by disseminating knowledge on the core principles of: quality, access, impact and relevance. The outcome we look for is future global leaders in their chosen career, profession, & community. They will be ready to embrace the global challenges with learning mindset.
